Educating to Defend Traditional Family Values

Our Vision is to turn our country back to God

Thereby preserving Biblical Principles regarding:

- ✓ *Sanctity of Life – We believe in the sacredness of life for every innocent human being from conception to natural death (Jer. 1:5 “Before I formed you in the womb I knew you...”)*
- ✓ *Purity in Marriage – We are instructed in the Bible by the infallible, Holy Spirit-inspired word of God; marriage shall be one flesh between one man and one woman (Gen. 2:23 ... “This is now bone of my bones and flesh of my flesh...”)*
- ✓ *Religious Liberties – Preserving our freedom to live out our beliefs. God has given us free will to accept or reject Him, we should carry out the same freedom in our country.*

INVOLVEMENT IN GOVERNMENT IN A MINISTRY DOING GOOD WORKS.

(Ephesians 2:10)

“Our government produces policies and legislation that reflect our societal values. The massive web of social structures can be leveraged to provide security and establish justice. We as believers must exercise our influence in this area with Godly principles and desires to point people to a God who is righteous, just, and loving.”

Bill would allow cities to introduce new restrictions on rents or expand existing rent control. Current state law prohibits cities from enacting new rent control laws or expanding existing regulations on new properties. Advocates want to stem the affordable housing "crisis" by allowing cities to cap rents.

NO: Rent control deters new housing construction and some property owners would remove their property from the market leading to LESS affordable housing, not more.

VOTE YES ON PROPOSITION 11

Requires Private-Sector Emergency Ambulance Employees to Remain On-Call During Work Breaks. Eliminates Certain Employer Liability.

Bill would allow private ambulance services to require their emergency medical personnel to be on-call during meal and rest breaks. Backed by the EMT industry. A number of private ambulance firms are facing class action lawsuits in California courts over break time violations.

VOTE NO ON PROPOSITION 12

Establishes New Standards for Confinement of Specified Farm Animals; Bans Sale of Noncomplying products.

Would require bigger cages for farm animals. Would also require that all egg-laying hens be raised "cage-free." These requirements would apply to anyone selling related food products in California, even if the farms are out of state

NO: Would require costly upgrades to many farms and could potentially drive some farmers out of business. These new rules would also lead to higher food prices.
